If your absence qualifies you for FMLA, then Morneau Shapell/Morningstar Health will approve your disability for a specific period of time. If you are unable to return on that date, you are reminded to comply with Section 7(c)(iv) of the Human Resources Policy & Procedures which states:

An employee is required to communicate promptly regarding any changes in the duration or status of a medical leave to the department director or designee. An employee must return to work at such time as the healthcare provider releases him/her to do so, and provide a medical release to return to work. If an employee receives a conditional release to return to work, with physical restrictions, the department director, in consultation with the Human Resources Director, will review and may approve a restricted work assignment. Failure of the employee to immediately return to work upon medical certification of his/her ability to do so (with or without restrictions) is deemed to have resigned from County employment.
