## *Having confidence in your dentist is important*

You've built a trusting relationship with your dentist, and you want to keep it. We understand this. Yet you can save money by using a network provider.

Go ahead and check our online directory at [www.aetna.com/DentalAdministrators](http://www.aetna.com/DentalAdministrators). If your dentist already participates in the network, you're all set. If you don't find your dentist listed, you can ask them to join. Simply share the information below with them.

### MESSAGE TO PROVIDERS:

*Your patient has recommended you to join our network.*

You have obviously worked hard to foster relationships with your patients. As a result, your patient is asking you to join the Aetna Dental Access network. It's easy to do, just follow the steps below. Your patient will be glad you did.

### *If you participate in other Aetna Dental plans:*

- Call our National Dentist Line at **1-800-451-7715**, and ask for our dental contracting team. Tell them you'd like to participate in the Aetna Dental Access network.
- Once you join, you'll be a network provider for your patients participating in the Aetna Dental<sup>®</sup> Administrators program.

### *If you do not participate in any Aetna Dental plans:*

- You can nominate yourself through our website. Go to "Request to Join the Aetna Dental Network" page at <http://www.aetna.com/health-care-professionals.html>.
- Answer some brief questions, and we'll contact you about next steps.
- Under question 1, "Plans," you'll choose the option "Dental PPO/PDN2 (includes Vital Savings by Aetna<sup>®</sup>, Aetna Dental Access and other discount only and referral plans and programs)."
- If you are accepted and join, you'll be a network provider with your patient's Aetna Dental Administrators program.
