WELCOME

Welcome to the 17th Circuit Court, Treatment and Support Court (TASC). This handbook is designed to answer questions, address concerns, and provide overall information about the Treatment and Support Court. As a participant, you will be expected to follow the conditions of bond, probation and TASC program requirements. This handbook will orient you to the key program elements of TASC as well as some common practices. In addition, it will tell you what you can expect from each of the TASC team members and what will be expected from you as a TASC participant.

TASC offers participants a treatment-based sentencing alternative, which utilizes judicial oversight as a component of the program. A comprehensive approach is taken to provide you with an array of services designed to address your specific needs. Participation in Treatment is expected throughout your participation in TASC.

We look forward to supporting you in your mental health and substance use recovery.

Sincerely,

17th Circuit Court
Treatment and Support Court

THE TASC TEAM

THE TEAM

TASC is a team based problem solving court. The team is led by the Honorable J. Joseph Rossi and consists of the below members. The team works together for the common goal of helping you improve your mental health and general well-being, promote your self-sufficiency, and to reduce/eliminate the likelihood that you will commit future crimes. Together the team provides intensive court supervision, case management access to mental health, substance use, and basic needs services and supports.

(1) Treatment and Support Court Judge

The Honorable J. Joseph Rossi heads the collaborative TASC team. During regular court appearances, the judge will review your case status and your compliance with TASC requirements and competencies. The judge will administer graduated sanctions and incentives, as well as therapeutic responses, to increase decrease non-compliant behavior, increase behavior that improves your wellbeing, and create opportunities for growth and insight.

(2) Treatment and Support Court Coordinator

The TASC Coordinator is responsible for the administration, management, and coordination of TASC services and operations, including overseeing TASC court staff activities, facilitating team meetings, and serving as a liaison to local service providers and community groups.

(3) Prosecutor

The role of the prosecutor in TASC differs from the traditional adjudication process. In TASC, all parties and counsel share the common goal of helping participants successfully comply with treatment in a community setting with the primary goal of community safety. As part of a collaborative team with the judge, defense attorney, and TASC staff, the prosecutor monitors participant progress and compliance and can make recommendations regarding sanctions. If a participant is re-arrested, the prosecutor investigates the new case and assesses the appropriateness of continued participation.

(4) Public Defender/ Defense Counsel

The Public Defender/ Defense Counsel represents and advises the defendant in all

court proceedings and is mindful of the defendant's constitutional rights as a criminal defendant and the defendant's civil rights as a behavioral health consumer. The Public Defender/ Defense Counsel uses a non-adversarial approach with a focus on protecting the defendant's constitutional rights and their success in treatment to promote health and well-being.

(5) Probation Officer

The Mental Health Court Probation Agent (MDOC) will supervise all active participants in TASC who have been referred to the program through probation or a sentence modification (if probation is to follow). The Probation Agent completes home visits for all TASC probationers to ensure program compliance. The Probation Officer will meet with all participants during a scheduled court review hearing. The Probation Officer might also require additional reporting either at their office at 82 Ionia or in the community.

(6) TASC Clinical Liaison

The TASC Clinical Liaison (Network 180) will determine mental health eligibility for all potential participants referred to task and they will complete an intake/orientation with all incoming participants under his/her supervision. The Clinical Liaison will make service and level of care recommendations, assist you in linking to identified services and supports, and collaborate with treatment providers to verify that you are attending the required meetings and appointments and making progress in your treatment. The Clinical Liaison will work with you to create a phase plan for each of the five phases. The Phase Plan will identify the requirements you will be held accountable to meet and the competencies that you are expected to achieve in each phase of the program.

(7) Peer Recovery Coach

If you have a substance use disorder in addition to a mental health diagnosis the Recovery Coach will work with you to better understand and assist in accessing substance use disorder services as they are recommended by the Clinical Liaison. The Recovery Coach will model competency in recovery and demonstrate on-going coping skills and mentor you to do the same. The Peer Recovery Coach may work with you on a 1:1 basis and/or in a group support or training setting.

INTRODUCTION

TASC is designed for individuals with mental health disorders who are committed to making lifestyle changes to improve their mental health, promote self-sufficiency, eliminate criminal behavior and reduce their risk to breaking the law in the future. We understand that some participants may also have a substance use disorder, TASC is equipped to respond to both your mental health and substance use needs.

This handbook describes the Treatment and Support Court (TASC) and our expectations and requirements of you while you are enrolled in TASC. TASC requirements are intended to improve your mental health, support your recovery from substances, and reduce your risk from committing future crimes. TASC is not a way to avoid your criminal charge. It will be necessary to make sacrifices to be fully engaged in treatment and recovery efforts and to successfully complete this program. The Treatment and Support Court is not a gateway to avoid your criminal charge.

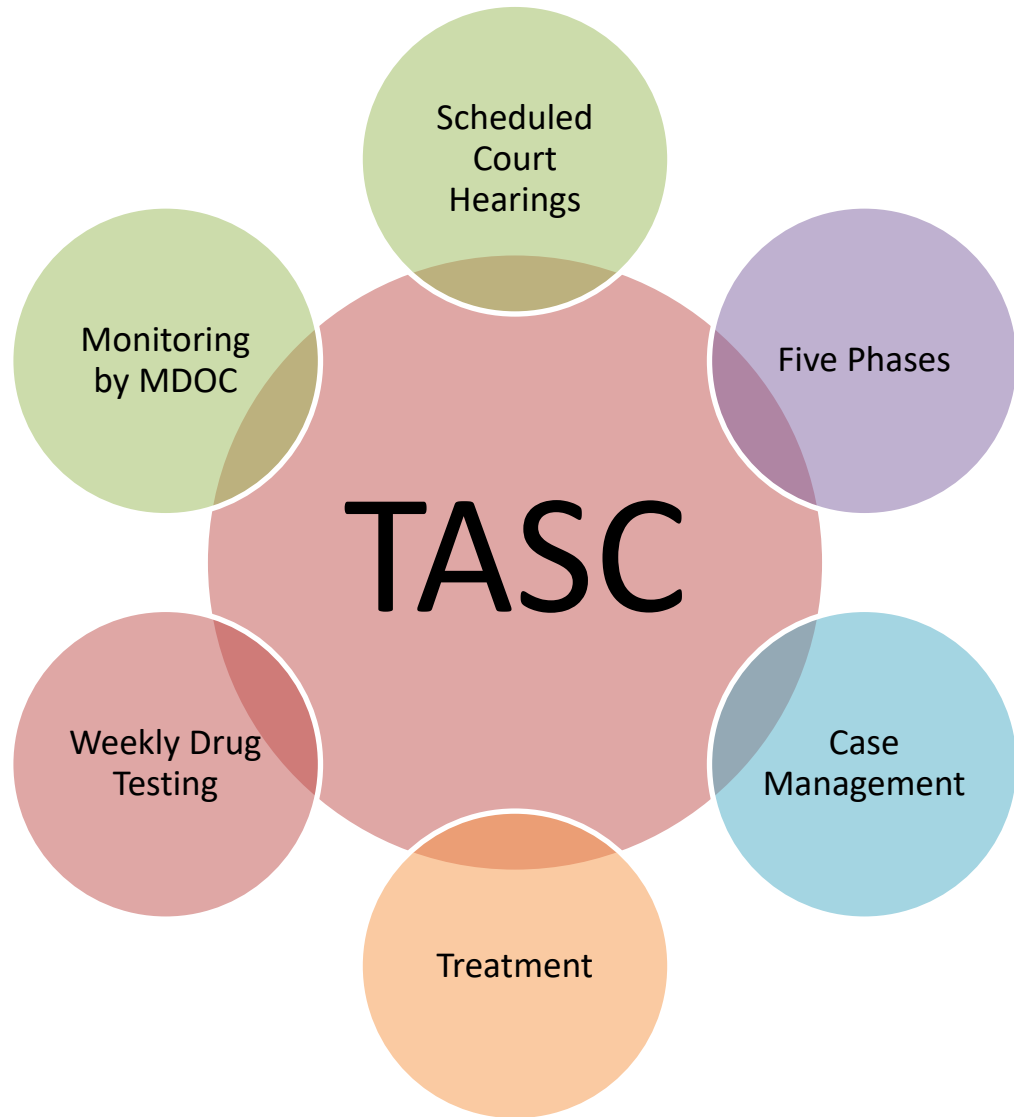

It is a **treatment** court that provides compassion with **accountability**.

TASC is a voluntary program that includes regular court appearances before a designated judge, increased supervision with a designated probation officer, and intensive treatment and support recommended by a mental health clinician. The diagram below shows the key components of the program that you will be required to be involved in. The frequency requirements for each depends on the phase you are in. As you promote through the phases and assume more personal responsibility the frequency of supervision, drug testing, and treatment will be modified. See the section on TASC phases for more detail.

FIND us on ACCESS KENT

Information about TASC, copies of forms and documents, and 61st Drug Testing Lab schedule can be found at <https://www.accesskent.com/Courts/17thcc/tasc.htm>

KEY ELEMENTS OF THE TREATMENT AND SUPPORT COURT

REGULARLY SCHEDULED COURT HEARINGS

- (1) Participants in TASC are required to attend MANDATORY court hearings. The first month, new participants will attend weekly reviews. After the first month participants attend every two to four weeks.
 - i. Participants are provided with a calendar of dates scheduled. You will be provided reminders at each hearing. YOU are responsible to track your court dates and to be in attendance.
 - ii. 2:30-4:00 PM, court may run shorter or longer than expected **you must stay the entire time.**
 - iii. 180 Ottawa Avenue, NW, GR, MI ---Courtroom 9D
- (2) You have the right to seek legal advice prior to any court hearing.
- (3) The Judge engages with each participant individually to review how they are doing meeting their phase requirements, discuss challenges they might be experiencing, addresses any infractions of program requirements or probation violations, and he acknowledges and praises their success and good work. The Judge specifically identifies both the behavior he wants to see stopped and continued and responds with a sanction, therapeutic response, and/or incentive.

Incentives

Incentives are provided to individuals who are making steady progress, make some significant change in their life, or achieve a goal or accomplishment. Incentives encourage the continuation of positive behavior and progress the court wishes to see more of. Incentives TASC might employ but are not limited to:

- Judicial recognition
- Applause from the court and participants
- Leave Court Early Coupon
- Report First Coupon
- Miss the Next Hearing Coupon
- Free Parking Coupon
- Draw from the incentive bins (small, medium, or high). Draw what they prefer from a variety of candy, dollar items, gift cards, etc.
- Enter a group (no sanctions earned) raffle
- Payday candy bar for getting a new job
- Reduced Reporting

- Approval to travel out of state
- Reduced check in days with Probation Officer
- Phase Promotion

Sanctions

The judge will impose a varied number of sanctions in response to undesirable and unlawful behavior. Participants of TASC may be sanctioned for non-compliance or terminated from the program and returned to the original court for sentencing on the underlying charges, in accordance with the referral agreement or terms. When employing a sanction TASC also considers if a therapeutic response is also needed. Sanctions that TASC might include, but are not limited to:

- Reprimand from Judge
- Go last at next court review
- Unable to leave court (phase III-IV)
- Increased frequency of appearances at court hearings
- Increased supervision meetings with Probation Officer
- Increased meetings with Clinical Liaison
- Increased home visits
- Increased frequency of drug testing
- Bench Warrant
- Community Services
- Work Crew
- Tether or other electronic monitoring
- Jail (up to 6 days)
- Termination from program

Therapeutic Responses

Therapeutic Responses are used to encourage insight and a greater understanding of how they came to make the decision made that led them to engage in undesirable and possibly unlawful behavior. Therapeutic Responses the judge might use include, but are not limited to:

- Complete a writing assignment
- Write a paper on their diagnosis, importance of treatment or taking medications
- Team Case Review to review current Phase Plan
- Increase frequency of case management, therapy, etc.
- Increase intensity of services to residential services
- Switch to a service that is a better fit or a different service provider.
- Medication Review
- Increased attendance of Community Recovery Meetings
- Meet with a Peer Support Specialist or Recovery Coach to review Phase Plan and modify it accordingly.

(4) In the event a full hearing cannot be held a “short court” will be held in the anteroom to the courtroom. Participants who are scheduled to appear will show and meet with the Probation Officer, Clinical Liaison, and Peer Recovery Coach.

(5) Attending each hearing is the TASC Coordinator, Prosecuting Attorney, Defense Attorney, Clinical Liaison, and Recovery Coach. The hearing is open to the public and you are welcome to bring family and friends with you.

(6) Court Etiquette

- ✓ **DO** arrive to review hearings 5-10 minutes early.
- ✓ **DO** go to the bathroom before the review hearing begins.
- ✓ **DO** turn off all cell phones and electronic devices; otherwise your phone will be collected and held until the end of the hearing.
- ✓ **DO** address the Judge with respect.
- ✓ **DO** bring your *TASC Therapy/Group/Meeting Attendance Log* and other paperwork as ordered by the Judge or other member of the team.
- ✓ **DO** bring your writing assignments.
- ✓ **DO NOT** leave the courtroom while the review hearing is in progress.
- ✓ **DO NOT** use your phone (for any purpose) or other electronic devices.
- ✓ **DO NOT** talk when the Judge is speaking.
- ✓ **DO NOT** swear or use profane language in the courtroom.
- ✓ **DO NOT** bring food or beverages into the courtroom.
- ✓ **DO NOT** chew gum in the courtroom.
- ✓ **DO NOT** sleep in the courtroom.
- ✓ **DO NOT** wear inappropriate clothing into the courtroom. Clothes displaying offensive language or advertising drugs and alcohol are not permitted. Do not wear hats or sunglasses.

Be honest with the Judge. Although difficult, the TASC team expects participants to be open and honest in all areas of their life. Do not falsify documents and logs (they will be

verified), conceal drug or alcohol use, or dilute your urine for testing. Eventually your dishonesty will come to light and you will be sanctioned in accordance to the program policy manual.

GUIDELINES FOR VIRTUAL HEARINGS

A virtual hearing IS A REAL HEARING. Although it can feel less formal. Formality is expected.

While participating in a virtual hearing the above court etiquette is expected. In addition, please also adhere to the below:

1. You will be expected to stay for the full duration of the hearing unless you are on a phase that permits you to leave early.
2. Please wear clothing that you would wear to court. You must be in street clothes. No pajamas, sweats, bathing suits or robes please.
3. To support a quality video experience please be seated at a table and in good lighting. Place the light source in front of you. Prop your phone or electronic device so we can see you clearly and up close.
4. To support a good sound experience please plan to sit still (don't walk around with the phone), have the device close to you, and sit in a space that is quiet with no background noise.
5. For the privacy of others please find a space where you can be alone.
6. Do not engage in personal hygiene activities, smoke, or engage in any other behavior you would not typically engage in while in a court hearing (includes playing games, listening to music and texting on your phone).

TASK PROGRAM PHASES

Each phase has a minimum period of time before you are able to apply for promotion to the next level. Each phase has a set of requirements that must be met and a set of competencies or skills that must be gained. Each participant will have a clinical liaison work with you to assist with developing an individualized plan for each of the phases. The phase plan will clearly communicate what is expected of you during the duration of the phase and what skills or competencies you will need to demonstrate before promoting to the next phase. All participants will be placed on phase I when admitted to TASC.

(1) Promotion Process

Application:

When the minimum time has passed and you believe you are consistently meeting the requirements in the phase and have gained the expected competencies/skills for the phase, you can fill out the application for phase promotion. You can get a copy of this from your clinical liaison, the TASC Court Coordinator, or on-line (insert link).

Meet with the Case Review Team: You will meet with the Case Review Team to review your application, the information that demonstrates that you have met the minimum requirements and gained the required competencies.

(2) Graduation:

You must complete all phases of TASC before you graduate. The final phase (V) is self-directed with support from your Clinician. You will create a Continued Care Plan that will set the requirements and competencies for the last phase and will also serve as your plan post discharge.

PHASE I: ORIENTATION AND ENGAGEMENT

FOCUS

- Participant feels welcome and becomes oriented to Treatment and Support Court (TASC)
- Participant understands the court processes, program requirements, and competencies for promotion
- Participant believes there is hope for their future

MINIMUM LENGTH: 12 weeks (starting the day the Participation Agreement is signed)

REQUIREMENTS

Requirement	Expectation	Verification
Phase Plan	2 X month with TASC clinician to develop and review plan	
Court Review Hearings	2 X month	Attendance
Drug/Alcohol Test	3 X week if Substance Use Disorder 1 X week if no reported Substance Use Disorder	
Report to Probation Officer	Once sentenced: 2 X Month Face to Face 2 X Month call-in	
Medication	Take medications as prescribed and attend medication reviews.	Submit log at first court hearing of the month to verify meetings with Psychiatrist or prescribing doctor.
Case Management	Meet with case manager as identified in the IPOS or POC	Submit log at first court hearing of the month to verify
Individual Mental Health/Co-Occurring Therapy	Attend treatment and develop a treatment plan if one has yet to be developed. If already in services, compliance to services as identified in IPOS or POC.	Submit log at first court hearing of the month to verify
Treatment Groups	Attend groups as directed by TASC Clinician and indicated in Phase Plan	Submit log at first court hearing of the month to verify
Appointments, Meetings and Trainings (meetings with Peers)	Attend meetings, appointments, and trainings as directed by TASC Clinician	Submit log at first court hearing of the month to verify

COMPETENCIES FOR PROMOTION TO PHASE II

Met Phase I requirements
Accomplish personal goals in Phase I Plan

PHASE II: INTENSIVE TREATMENT

FOCUS

- Participant Engages in Intensive Treatment
- Participant understands their diagnoses and the medication they are taking
- Participant is actively learning individualized skills to cope and manage symptoms

MINIMUM LENGTH: 16 weeks

REQUIREMENTS

Requirement	Expectation	Verification
Phase Plan	1 X month meet with TASC clinician to develop and review Phase II plan	
Court Review Hearings	2 X month	Attendance
Drug/Alcohol Test	2-3 X a week if substance use disorder 1 X a week if no history of substance use disorder	
Report to Probation Officer	2 X-month Face to Face 1X- month call-in	
Medication	Strict Compliance to medication recommendations and attend medication reviews.	Submit log at first court hearing of the month to verify meetings with Psychiatrist or prescribing doctor.
Case Management	Meet with case manager as identified in the IPOS or POC	Submit log at first court hearing of the month to verify
Individual Mental Health/Co-Occurring Therapy	Remain or become compliant with mental health IPOS or POC	Submit log at first court hearing of the month to verify
Treatment Groups	Attend groups as directed by TASC Clinician (Co-occurring groups, MRT, Symptoms Mgt.)	Submit log at first court hearing of the month to verify
Appointments, Meetings and Trainings (meetings with Peers)	Increased attendance and participation in outside skill building classes and trainings as directed by TASC.	Submit log at first court hearing of the month to verify
Community Support	Meet with Recovery Coach monthly as directed by TASC in your Phase Plan.	
Fines and Fees	Develop plan to address court costs with payments, community service or work crew.	
Employment, ED, Vocational Rehabilitation,	Participate in vocational rehabilitation or readiness program if approved by the court.	Submit log at first court hearing of the month to verify

community service, or volunteer		
------------------------------------	--	--

COMPETENCIES FOR PROMOTION TO PHASE III

- Met Phase II requirements
- Accomplish personal goals in Phase II Plan
- 14 consecutive days with negative drug screens
- Developed a plan to address court costs with payments, community service or work crew
- Secured a stable living arrangement
- Apply for promotion
- Have met with the Case Review Team and was able to demonstrate the following:
 - 1.) They understand their MH and SU diagnosis and can describe the symptoms of the illness, list all their medications, what symptoms the medication treats, and report side effects of medication they may be experiencing and/or potential side effects.
 - 2.) They can describe what they are learning in their treatment groups; MRT, DBT, Overcoming Addictions, WRAP, etc. in at least a page for each group that they are attending.
 - 3.) They can identify coping skills they are developing to deal with triggers and substance use.
 - 4.) Explain how they are Implementing the coping skills they are learning and how they help with their recovery.
 - 5.) Identify 5 strengths and how they are using them to assist and support their recovery.

PHASE III: TRANSITION

FOCUS

- Participant is building connections with natural supports to sustain wellbeing and recovery post program.
- Participant is building connections with community groups who share prosocial interests, beliefs, activities.
- Participant is building and engaging with community support recovery groups to prepare for formal treatment ending.

MINIMUM LENGTH: 12 weeks

REQUIREMENTS

Requirement	Expectation	Verification
Phase Plan	Meet with TASC clinician to quarterly to develop and review Phase III Plan	
Court Review Hearings	1 X month	Attendance
Drug/Alcohol Test	2 X week with substance use disorder 1X week with no substance use disorder	
Report to Probation Officer	1 X-month Face to Face 1 X- month call-in	
Medication	Compliance to medication recommendations and attend medication reviews.	Submit log at first court hearing of the month to verify meetings with Psychiatrist or prescribing doctor.
Case Management	Meet with case manager as identified in the IPOS or POC	Submit log at first court hearing of the month to verify
Individual Mental Health/Co-Occurring Therapy	Attend treatment as indicated in the IPOS or POC	Submit log at first court hearing of the month to verify
Treatment Groups	Attend groups as agreed upon by treatment team (Co-occurring groups, MRT, Symptoms Mgt.)	Submit log at first court hearing of the month to verify
Appointments, Meetings and Trainings (meetings with Peers)	Continue to attend and participate in outside skill building classes and trainings as directed by TASC.	Submit log at first court hearing of the month to verify
Recovery Support Meetings	Attend recovery support meetings 3 X week or otherwise directed.	Submit log at first court hearing of the month to verify
Community Support	Identify a person(s) (a natural support) for ongoing support	

	Meet with Recovery Coach monthly as directed by TASC.	
Fines and Fees	Implement plan to address court costs with payments, community service or work crew.	
Employment, ED, Vocational Rehabilitation, community service, or volunteer	Establish employment, education/vocational training, community service or volunteer activities. Verification of attendance required.	Submit log at first court hearing of the month to verify

COMPETENCIES FOR PROMOTION TO PHASE IV

- Met Phase III requirements
- Accomplished personal goals in Phase III Plan
- 30 consecutive days of negative drug screens
- Established stable housing
- Current on court fine and fee payments
- Current with Community Services obligations
- Apply for promotion
- Meet with the Case Review Team to demonstrate the following:
 - 1.) How they are problem solving medication issues.
 - 2.) How they are problem solving attendance and participation issues in therapy, groups, trainings/meetings.
 - 3.) Increased understanding of their mental illness and/or addiction. Able to explain importance on ongoing treatment, support, and medication.
 - 4.) Able to describe what they are learning in new groups or trainings they are attending.
 - 5.) Review the coping skills they are using and share how they are assisting them in recovery.
 - 6.) Identify their support person and demonstrate they are contacting them weekly and how this person is assisting them in their recovery

PHASE IV: PLANNING AND EMPOWERMENT

FOCUS

- Participant with TASC Clinician develops a Continued Care Plan
- Participant is continuing to strengthen relationships with natural supports and community groups.
- Participant is completing court and program requirements.

MINIMUM LENGTH: 10 weeks

REQUIREMENTS

Requirement	Expectation	Verification
Phase Plan	1 X quarterly with TASC clinician to develop and review Phase IV Plan and develop Continued Care Plan	
Court Review Hearings	Every other month	Attendance
Drug/Alcohol Test	2 X week Track B 1 X week Track A	
Report to Probation Officer	1 X-month Face to Face	
Medication	Take medications as prescribed and as agreed upon with treatment team and attend medication reviews.	Submit log at first court hearing of the month to verify meetings with Psychiatrist or prescribing doctor.
Case Management	Meet with case manager as identified in the IPOS or POC	Submit log at first court hearing of the month to verify
Individual Mental Health/Co-Occurring Therapy	Attend treatment as indicated in the IPOS or POC	Submit log at first court hearing of the month to verify
Treatment Groups	Attend groups as agreed upon by treatment team (Co-occurring groups, MRT, Symptoms Mgt.)	Submit log at first court hearing of the month to verify
Appointments, Meetings and Trainings (meetings with Peers)	Reduce outside classes and trainings as skills are acquired. Continue to attend meetings as needed.	Submit log at first court hearing of the month to verify
Recovery Support Meetings	Attend recovery support meetings 2 X week or otherwise directed.	Submit log at first court hearing of the month to verify
Community Support	Call support person weekly to assist in recovery	

Fines and Fees	Continue to implement plan to address court costs with payments, community service or work crew.	
Employment, ED, Vocational Rehabilitation, community service, or volunteer	Continue to meet employment, education, vocational training requirements, community service and/ or volunteer activities.	Submit log at first court hearing of the month to verify
Continued Care Plan	Plan developed and approved in first month of phase and strategies in plan are consistently implemented.	

COMPETENCIES FOR PROMOTION TO PHASE V

- Met Phase IV requirements
- Accomplished personal goals in Phase IV Plan
- 45 consecutive days of negative drug screens
- Apply for promotion
- Interview with TASC Clinician to re-administer risk assessment and risk to recidivate has decreased (from pre-trial assessment.
- Developed Continued Care Plan and implementing the plan to support wellbeing and sobriety.
- Current on court fine and fee payments
- Secured stable housing
- Working, attending school, or volunteering in community
- Meet with the Case Review Team to
 1. Share, review and have the team approve their Continued Care Plan. Must include a plan for ongoing treatment that will meet long-term mental health and substance abuse treatment needs.
 2. Review updated Risk Assessment with participant and modify the Continued Care Plan as needed to address domains that continue to put participant at risk of reoffending.

PHASE V: CONTINUED CARE

FOCUS

- Participant is consistently using their Continued Care Plan and functioning safely in the community without external motivation imposed by the court.
- Use natural resources for support and accountability
- Participant continues to engage in services and supports to sustain their wellbeing

MINIMUM LENGTH: 8 weeks

REQUIREMENTS

Requirement	Expectation
Continued Care Plan	Consistently implement and amend as needed.
Drug/Alcohol Test	1 X week
Report to Probation Officer	As directed by Probation Officer
Medication	Take medications as prescribed and as agreed upon with treatment team and attend medication reviews.
Case Management	Meet with case manager as identified in your Continued Care Plan
Individual Mental Health/Co-Occurring Therapy	Attend treatment as indicated your Continued Care Plan
Treatment Groups	Attend groups as identified in your Continued Care Plan
Appointments, Meetings and Trainings (meetings with Peers)	Attend appointments, meetings, and trainings as identified in your Continued Care Plan.
Recovery Support Meetings	Attend recovery support meetings as identified in your Continued Care Plan.
Community Support	Call support person weekly to assist in recovery
Fines and Fees	Continue to implement plan to address court costs with payments, community service or work crew.
Employment, ED, Vocational Rehabilitation, community service or volunteer	Employed, in school, and or actively volunteering or providing a serviced to the community.

COMPETENCIES FOR GRADUATION

- Met Phase V requirements and implemented Continued Care Plan
- Successful completion of all court ordered treatment and specialized terms of probation.
- 75 consecutive days of negative drug screens

- Interview with TASC Clinician to re-administer risk assessment and risk to recidivate has decreased (from pre-trial assessment).
- Secured stable housing
- Working, in school, or volunteering in the community
- Apply to graduate
- Meet with Case Review team to:
 1. Demonstrate through the application of a comprehensive Continued Care Plan that they can manage their MH symptoms in an effective and appropriate way. Must include a plan for ongoing treatment that will meet long-term mental health and substance abuse treatment needs.
 2. Demonstrate they learned the skills and gained the personal and fiscal stability to ensure risk for recidivating is low.

ATTENDANCE LOGS

All participants in phases 1-4 are required to verify their attendance at all their therapy sessions, medication reviews, group therapy, community recovery meetings, and any other meetings they are required to attend per their phase plan. You will verify your attendance using the TASC Therapy, Group, Meeting Attendance Log (see a sample below). You can get a log from your TASC Clinician, at each court hearing, or by going to Court Services on the second floor of the court house.

All logs are due and to be submitted to the TASC Coordinator at each court hearing. During the COVID pandemic they are due to the Clinical Liaison each Monday.

TASC Clinicians will be calling your service providers and group facilitators to verify your logs so please do not falsify them.

TASC Therapy, Group, Meeting Attendance Log

Participants Name: _____ **Phase:** _____

At each of your therapy sessions, medication reviews, groups, and support recovery meetings you attend, have the person providing the service or leading the group/meeting, provide their name, contact information, and signature. Bring this to the first court hearing of the month to verify your attendance and show that you are meeting your phase requirements.

Date	Time	Therapy, Group, Meeting Name and Location	Service Provider/Meeting Facilitator Name	Service Provider/Meeting Facilitator contact #	Service Provider/Meeting Facilitator Signature

CASE
MGT.

CASEMANAGEMENT

When you are admitted into the program you will be assigned a Clinical Liaison who will work closely with you to “manage” your participation during your time in TASC. The Clinical Liaison will make service and level of care recommendations, assist you in linking to identified services and supports, and collaborate with treatment providers to verify that you are attending the required meetings and appointments and making progress in your treatment. The Clinical Liaison will work with you to create a phase plan for each of the five phases. You will meet with your clinical liaison bi-weekly in the first phase. If you are slow to engage you may be required to do weekly check-ins.

- You must immediately report a change in address or phone number to your clinical liaison.
- You must report new medications to your clinical liaison.
- You must report any changes in your treatment protocol to your clinical liaison.
- You are required to return text, voicemail, e-mails to the clinical liaison within 24 hours.

TREAT-
MENT

TREATMENT

When you are admitted into TASC, if you are not currently involved in mental health or substance abuse treatment, the Clinical Liaison will refer and connect you with a service provider. You will be required, *mandated by the court*, to be actively participating in mental health and substance abuse treatment (if appropriate) during the entire time you are in TASC. Your participation in treatment will be a condition of your bond and probation. You will be required to verify your attendance to your treatment appointments and groups with an attendance log. You see be required to bring the log to each court hearing. The clinical liaison will work closely with your

service providers to verify that what you are reporting on your submitted logs is accurate. If you are not participating in treatment you will be subject to sanctions up to and including termination for TASC. TASC is a **TREATMENT** and support court.

Treatment may include one, or a combination, of the following: individual counseling, case management, peer services, recovery management, group therapy, intensive out patient, residential, psychiatric hospitalization, psychiatry, psychotropic medication, medication assisted treatment (MAT), etc. You may also be ordered to attend Recovery Support Groups. The number will be driven by your need and your service array.

“Is my participation in treatment voluntary?”

No. Your participation in TASC is voluntary. Once you sign the Participation Agreement you agree to treatment as a condition of your participation in TASC. Treatment then becomes a condition of bond and probation while you are enrolled in TASC.

PSYCHOTROPIC MEDICATION

Upon entering the program, you will be asked to report all prescriptions that you are currently taking, as well as any new ones that may be prescribed to you in the future to the clinical liaison. Your medication and your medication compliance (taking the medication as prescribed) will be closely monitored by the clinical liaison.

You will be **required** to take all psychotropic medications prescribed by a psychiatrist or your primary care physician. You are encouraged to let your physicians know that you are participating in the TASC program and you are expected to seek non-narcotic medications.

MEDICATION ASSISTED TREATMENT (MAT)

Medication-assisted treatment or MAT is the use of medication in combination with counseling and behavioral therapies. MAT is effective in the treatment of opioid and alcohol use disorders and can help some people sustain recovery. You may be evaluated for MAT at your request. Your clinical liaison might also suggest you be evaluated for MAT. Any FDA approved medication for the treatment of

substance use disorders is allowable. The use of MAT will be closely coordinated between the clinical liaison and the prescribing doctor.

**DRUG
TESTING**

DRUG AND ALCOHOL TESTING

The conditions of bond, probation, and participation in TASC require that you remain free from drugs, including marijuana and alcohol. If you intend to continue to use drugs or alcohol TASC is not going to be a good fit for you. The only way we can monitor your compliance to this condition is to test you. As a participant in TASC you will be required to submit to urine screens and PBT's as directed by your Clinical Liaison, Probation Officer, or Court Coordinator. You will test for the duration of the time you are in TASC.

Why: To monitor participant drug and alcohol use and offer you the opportunity to demonstrate that you are following your conditions of bond and probation.

What: You will be tested for drugs and alcohol through urine and or PBT tests. How often you are tested will depend on your phase or need for accountability. Testing and confirmation is scientifically reliable. You will be tested for a variety of substances.

When: You will be tested frequently (multiple times a week). Testing is randomly scheduled and observed.

- You will be assigned a color.
- You must call the hotline Monday – Saturday and holidays to learn if you need to drop, starting at 5:30am.
- Listen to the hours because the lab is not always open all day and you must have picture identification to drop.

Where: You will be assigned to one of three drug testing labs, 61st District Court

Drug Lag, Realities Counseling Center, or Journies. **NO** other drug and alcohol testing locations including the probation office, other treatment facilities, med centers or home tests will be accepted unless prior approval from the TASC Coordinator.

You may not use marijuana, any product that contains cannabis or kratom without being registered with the State of MI.

Medical Marijuana use must be approved by the Judge. In addition to a medical marijuana card the participant must also apply for and be issued a card from the Michigan Medical Marijuana Program (MMMP) with the State of MI. Marijuana must be used in compliance with MMMP. MMMP cards are issued for individuals with established and monitored chronic and debilitating medical conditions as outline in the MMMP criteria. Marijuana use without an MMMP card will not be allowed. A medical marijuana card alone will not support the use of marijuana. The MMMP card issued by the state is needed for your immunity from legal consequences including program and probation violations.

What happens if I miss a drug test?

A missed drug test is considered a positive or dirty drop. A missed drug test will reset your days of sobriety to zero. You will be sanctioned for a positive test.

My test was positive and I swear I am not drinking or taking drugs!

The tests are scientifically reliable. You may request that a test be confirmed. If it comes back positive for a second time you will be charged for the test. If it is negative the court will pay for the retesting.

I have used drugs and/or drank alcohol for a long time. What if I can't quit cold turkey?

The clinical liaison will work with you to support increased sobriety. You may be referred to a provider for detox, residential treatment, medication assisted treatment and/or integrated care treatments. In Phase 1 you will be expected to consistently decrease your use, and have increased numbers of negative drug tests. By Phase 2 you will be expected to have all negative drug tests.

SUBMITTING A DILUTED URINE SAMPLE FOR DRUG TESTING

TASC tests each specimen for dilution or adulteration (tampering) of the urine you submit for testing. If you attempt to dilute or tamper with your specimen to cover your drug or alcohol use it will be evident. An attempt to falsify or tamper with your urine specimen will be considered a positive drug screen and sanctioned accordingly.

It is suggested that you have no more than 1 glass of water or other fluid 2 hours prior to your test to avoid dilution.

AVOIDING “FALSE” POSITIVE DRUG TEST RESULTS

Some prescription medications can produce a positive drug test. **You must notify your Clinical Liaison before using any new prescribed medications. This includes prescribed pain medication in response to an injury or planned surgery.**

Some alcohol based substances, over-the counter medications, and food may cause a positive test result. If you ingest or expose yourself to these substances, a positive result will receive a sanction. It is **YOUR RESPONSIBILITY** to avoid or limit your exposure to these substances.

TYPES OF PRODUCTS TO AVOID	EXAMPLES
Cold & Cough Syrup and medications that contain alcohol	NyQuil, Robitussin, Tylenol Cold
Mouth wash and breath strips that contain alcohol	Plax, Scope, Oral-B, Listerine
Hygiene products containing <i>Ethyl Alcohol</i>	Purell hand sanitizer, facial, hairspray, astringents, cologne/perfume, and aftershave
Non-alcoholic beverages	Any beverages claiming to be non alcoholic
Solvents and Lacquers	These interfere with SCRAM
Allergy medications and sleep aids containing Diphenhydramine HCL, Pseudoephedrine or Ephedrine	Benadryl, Sudafed, Actifed, Nyquil, Unison, Tylenol PM, Advil PM
Food containing Poppy Seeds	Bagels rolls
Naturally occurring mood altering or hallucinogenic substances	Salvia, Morning Glory seeds
Dietary Supplements, Vitamins, Weight Loss Aids	Creatine, Hydroxycut, ephedra based products, CBD oil (unless approved by judge and from approved store)

MONITORING BY MICHIGAN DEPARTMENT OF CORRECTIONS (MDOC)

You will be closely monitored by an agent of MDOC. You will be ordered to report face to face, typically during TASC hearings, to your probation agent. Those in Phases 1 and 2 will report two times a month and those in Phases 3-5 will report once a month. Increased reporting will be ordered as needed. If you are excused from a court hearing you will need to report at 82 Ionia as directed by the probation agent. Your probation agent may order you to report more often.

- Your probation agent is required to visit your residence prior to moving.
- You must immediately (24 hours) notify your probation agent if you will not be staying at the residence you have provided.
- You must immediately (24 hours) notify your probation agent of a change in contact information.
- Your agent will provide you with a full list of reporting requirements.
- You must notify your probation agent of all emergency room visits, scheduled surgeries, post-operative care, and doctors' visits.
- He/she will monitor your performance, help with employment searches, and work with other program staff and family members if applicable to help you succeed in the TASC and help in your recovery.

Bring the following when reporting to your probation agent:

- Next treatment appointment
- Recovery support meeting slip
- Documents as ordered; medical, new scripts, etc.
- Comments or concerns
- Pay stub from work

Your probation agent can assist you with:

- Setting up community service to work off court costs approved by the Judge.
- Assist with setting up a payment plan to pay court costs and fees.
- Connect you to community resources.

HOME CHECKS

Probation Agent/Surveillance Officer/Team Members may conduct *random* home checks to determine if you are complying with your conditions of bond and probation and to approve your choice of residence.

The Probation Agent/Surveillance Officer/Team members vehicles are unmarked and he/she will be dressed in plain clothes. Visits are conducted discreetly. Please comply with their requests.

Expectations of Home Checks:

- Your residence should be alcohol and drug free.
- Submit to PBT if asked. Failing to test will be treated as a positive test. If you test positive, be honest and cooperative with the surveillance officer / team member.
- Your house/vehicle/person may be searched – without a warrant.
- Be prompt in your interaction with him/her and stop any ongoing conversations; the visit will take only a few minutes.
- If you are not home they may leave a business card at the door; you must call back the next business day.
- If you receive a phone call, answer the phone or return the call and provide any information requested. The officer or team member may come to other locations.
- We encourage everyone in your home to be courteous and respectful to the surveillance officer / team member.

MEDICAL CARE AND EMERGENCIES

You MUST notify your probation officer and clinical liaison of ALL emergency room visits, scheduled surgeries, post-operative care and doctor visits. If any of these

visits cause you to miss a drop or a scheduled court review hearing you MUST turn in the medical documentation within **48 hours** to the clinical liaison and probation officer to be considered for an excused absence. EVERY medical visit will provide you with a summary of your visit. **FAILURE TO TURN IN THE DOCUMENTATION WITHIN 48 HOURS WILL RESULT IN AN UNEXCUSED DROP (POSITIVE TEST) OR FAILURE TO APPEAR TO COURT.** You will be sanctioned accordingly.

TRANSPORTATION ASSISTANCE

Lack of transportation is not an acceptable excuse for missing appointments and should be considered upon entering the program.

A Wave Card with Ride the Rapid (public bus system) will be made available to individuals who need financial assistance (and for the duration of need). You will need to demonstrate that you need transportation assistance with your clinical liaison. In addition to demonstrating assistance you must submit a log to demonstrate that you are attending all meetings, treatment sessions, and groups before your first complimentary card will be loaded with additional money. When you secure employment you will be expected to budget your resources to meet your transportation needs.

Wave Cards will be loaded once a month. How much is loaded on your card will depend on the frequency of your court requirements (meetings, therapy, drug testing schedule, court hearings, etc.) and your attendance to the required activities (demonstrated with a verified log).

Anyone caught selling a Wave Card will be sanctioned which may include termination from the program.

TASC will replace a lost or stolen card, at no expense to you, **one time**. Additional Wave cards you lose or you report as stolen will be replaced at your own expense (\$3.00). All cards reported lost or stolen will be immediately deactivated.

It is expected that the Wave Card is used to support your attendance to all TASC required activities. When you use your card can be monitored. If you choose to use your card for non TASC activities and run out of money before the start of the

month transportation to TASC activities will be your responsibility. Remember, lack of transportation is not an excuse to miss your required activities.

GRADUATION FROM TASC

We love to celebrate your success! When you have completed the 5 phase requirements, gained the designated competencies, and have paid all your victim restitution.

Each quarter we host a reception to celebrate everyone that graduated in that quarter. You are welcome to invite family, friends, and service providers that supported you during your time in TASC.

TERMINATION FROM TASC

Termination occurs at the discretion of the judge upon the recommendations of the team. Some reasons for termination might include, but are not limited to:

- Lack of participation within the first month of admission
- Refuse to engage in treatment
- Ongoing drug or alcohol use
- New criminal charge
- Absconding
- Pattern of non-compliance with expectations and requirements of TASC
