

Statewide Jurisdiction List

Bureau of Construction Codes

The **Statewide Jurisdiction List** is a listing of all units of government within the state. There are three levels of jurisdiction (state, county, local) for each of the four code disciplines (building, electrical, mechanical, and plumbing).

If COUNTY is indicated, that unit of government receives code enforcement services from a county enforcing agency.

If LOCAL (city, township, or village) is indicated, that unit of government has their own program.

If STATE is indicated, the Bureau of Construction Codes is responsible for code enforcement in that unit of government.

The Statewide Jurisdiction List is updated after every Construction Code Commission meeting to show changes; i.e. units of government which have newly assumed responsibility or those who have returned responsibility to the state or county level. The date each change takes effect will appear directly below the level of jurisdiction.

Occasionally, local units of government request assistance from the Bureau of Construction Codes for plan review and/or permit and inspection services. The assistance may be for a certain period of time or for an entire project. The Statewide Jurisdiction List reflects temporary assistance within a local jurisdiction with an asterisk and provides a link to the Report of Assistance to Local Enforcing Agencies for detailed information regarding the assistance.

This list was compiled to assist contractors and homeowners securing permits and requesting inspections. Code questions, requests for permits, or requests for inspections should be directed to the appropriate enforcing agency. Questions for state issued permits, inspections, or code interpretations should be directed to the respective division within the Bureau of Construction Codes.

To search for a specific jurisdiction, you can do a search by either clicking the magnifying glass or clicking Ctrl F. When the search box appears, type in the jurisdiction name you are searching for and the city, village or township will appear and display who has jurisdiction over that area.
