

GRAND RAPIDS

Meningitis B Awareness – May 9, 2017

“Vaccinate Before You Graduate”

MEDIA GOALS

GOAL: *To raise awareness amongst high school students and their parents about the existence of Meningitis B, the differences between vaccinations, and meningitis symptoms*

GOAL: *To stress to students and their parents the importance of getting vaccinated before high school graduation or before leaving for college in the fall*

GOAL: *To highlight the Emily Stillman Foundation, the Kent County Health Department, and school nurses as patient advocates and Meningitis B vaccination resources.*
