

During the month of June we have continued to receive reports of items being stolen from vehicles, including firearms. Some of these vehicles have been parked in garages with the garage doors left open overnight. Suspects entered a home in Byron Township and stole a purse containing credit cards, which were fraudulently used. Also, over the weekend a vehicle parked in a garage had several firearms stolen from inside.

Update: Last week, a Gaines Township business reported suspicious activity to the Sheriff's Office. Upon further investigation, three individuals were identified in connection with an April 2017 vehicle theft within our community. The main suspect was arrested and the vehicle was returned to the owner. Thank you for keeping a watchful eye and reporting suspicious activity in your neighborhoods!

Please:

- **DO NOT** store firearms in your vehicles.
- Lock your vehicles, especially when parked outside.
- Keep valuables out of sight.
- Close garage doors and lock service doors.

Thank you,

Deputy Eric Brunner
