**Mental Health Funding Alert:
Meeting Scheduled for Tuesday**

GRAND RAPIDS – The Kent County Family and Children's Coordinating Council (KCFCCC) will address potential cuts to community mental health programs and services provided to some of Kent County's most vulnerable individuals. These cuts may have a major impact on those with developmental disabilities, mental and behavioral health concerns, addictions and substance use, as well as the family members who care for them.

The public and media are invited to hear more about these critical budgetary issues during the next KCFCCC Meeting:

**Tuesday, January 2, 2018
12:00 noon
Kent County Health Department
700 Fuller NE
Grand Rapids, MI 49503**

Several mental health experts and community leaders, as well as some clients who may be impacted by these devastating programming cuts, are expected to address the Council.
