**Media Roundtable Tuesday to Discuss PFAS Cancer Review**

(Grand Rapids) The Michigan Department of Health and Human Services (MDHHS) and the Kent County Health Department (KCHD) will host a media roundtable to discuss an update regarding the cancer review associated with PFAS in northern Kent County.

The event will take place at KCHD's main clinic located at 700 Fuller Street NE, Grand Rapids, MI. 49503 at 1 p.m. Reporters and photographers interested in covering the roundtable should first report to the main lobby.

Cameras will be allowed to shoot b-roll during the roundtable and representatives will be available to answer questions one on one after the meeting.

Due to limited space we are asking news agencies to limit participants to two per media outlet.

###

KCHD has been in the business of providing health services to Kent County since 1931. The Health Department is home to nearly 265 employees including public health nurses, sanitarians, health educators, technicians, public health administrators, and specialized staff at the Kent County Animal Shelter. The Health Department operates one main clinic and three satellite clinics located in Kentwood, Rockford, and Grand Rapids. To learn more about KCHD services, visit [www.accesskent.com/health](http://www.accesskent.com/health).
