1. Basic Navigation in A360

1.1. Instructions for first time login to Advantage 360

1. You will receive an email from noreply@adv360.com with the subject line: ADVMAIL: Welcome to CGI Advantage360

This email will contain your user ID. You will soon receive an additional email containing instructions on how to activate your account.

You user ID will be your *first initial* + *middle initial* + *first 6 letters of your last name* @kentcountymi.gov (If you do not have a middle name, use "x")

 You will next receive an email from <u>noreply@adv360.com</u> with the subject line: ADVMAIL: Your Advantage360 User Activation Email to set up security questions and create a password.

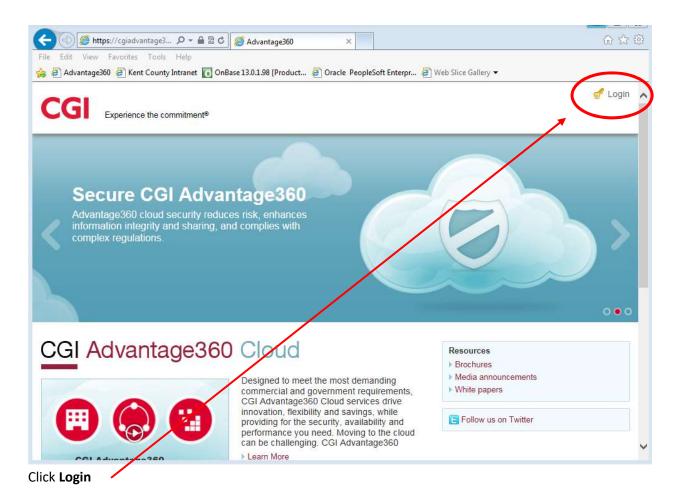

This email will contain a link to activate your account where you will be able to set up your password and security questions.

- 3. Your password must be a minimum of 10 characters and contain characters from **each** of the following categories:
 - English **uppercase** characters (A through Z)
 - English **lowercase** characters (a through z)
 - Base 10 **digits** (0 through 9)
- 4. To login, go to: <u>hhttps://myadvantagecloud.cgi.com/PROD/portal/Advantage360Home</u>

1.2. Login to A360

A360 is accessed through a web interface portal. This means it is accessible via the internet at work and at home.

hhttps://myadvantagecloud.cgi.com/PROD/portal/Advantage360Home

1.3. Navigate to Financial Management

The applications that are visible to each user are dependent upon user roles.

1.6. Secondary Navigation Panel

Message Center

Allows you to check your inbox, view system messages, access your Worklist, and view Forms.

Inbox

This function is not in use at Kent County.

Alerts and Broadcasts

Alerts are messages targeted *directly to you* or your user groups. Broadcast messages notify *all users* of system broadcast messages. A pop-up window notifies you of new Alerts and Broadcasts.

Worklist

A Worklist is a listing of all documents **assigned to you** for action **or to any of the Approval Roles** to which you are assigned. There are two reasons documents display in your personal Worklist:

• You are responsible for approving the document

• You submitted the document for someone else's approval and it has been routed back to you by the system because it has been rejected by the approver.

Your full name is displayed in the Select Worklist field. If you are a

member of any Approval Roles, they are displayed in the Select Worklist drop-down field values. Selecting an Approval Role in the Select Worklist field displays all of the work units that have been assigned to the role.

Search

When entering search criteria, text can be typed in upper or lower case (all text is automatically converted to upper case for the search parameter). Entering an exact value (name, date, description, etc.) in a field limits the search results.

Commas can be used to provide multiple search criteria.

A wildcard is a character that can be used to represent one or many characters when completing a search. Range characters can be used to narrow search results. Users may enter wildcards (*) for partial values. The wildcard character (*) can be placed before, after, or anywhere in between a word or code to expand information returned in your search.

Wildcard and Range Characters

Wildcard/Range Characters	Example
Asterisk (*)	If 01* is entered, the system returns records 0100 to 0199 and any records that have letters or symbols after 01. The asterisk

	can be entered at the beginning, middle, or end of the search
	criteria.
Colon (:)	If 1/1/2015:2/15/2015 is entered in the Create Date field on the
	Document Catalog, all documents created on or after 1/1/2015
	and on or before 2/15/2015 are returned in the search.
Greater Than (>)	If >10/15/2014 is entered in the Create Date field on the
	Document Catalog, all documents created after October 15,
	2014 are returned in the search.
Greater Than or Equal To (>=)	If >=10/15/2014 is entered in the Create Date field on the
	Document Catalog, all documents created on or after October
	15, 2014 are returned in the search.
Less Than Sign (<)	If <1/15/2015 is entered in the Create Date field on the
	Document Catalog, all documents created before January 15,
	2015 are returned in the search.
Less Than or Equal To (<=)	If <=10/15/2014 is entered in the Create Date field on the
	Document Catalog, all documents created on or before October
	15, 2014 are returned in the search.

Page Search

Click **Search > Page Search** to search for documents, tables, and inquiries, either by Category, Page Type, Description, or Page Code. Enter the search criteria, and then click **Browse**.

	▶ Workgroup Workspaces		

This page includes expanding sections for Unused Workspaces, System Workspaces, and Workgroup Workspaces. Use this page to rearrange, remove, and insert workspaces you use. Any changes you make to your workspaces do not take effect until you have logged out of the system, and then logged back on. Use Online Help for detailed instructions on how to manage workspaces or add an existing or custom workspace.

Use Defined Workspaces to Access a Page

Once your workspaces are defined, you can use those workspaces to access frequently used pages. Click the link under the Primary Navigation Panel to open the appropriate workspace. The workspace page opens with the workspace sections displaying in the Secondary Navigation Panel. Select the desired section, and then click the link to access the desired page. Using the Secondary Navigation Panel, you can navigate to other pages in that workspace, save all changes or close the workspace.

Modify the Name of a Favorite

To modify the name for one of your Favorites, perform the following steps.

- 1. Click **Personalize** in the Primary Navigation Panel. A new window opens with the personalization options in the Secondary Navigation Panel.
- 2. Click Favorites in the Secondary Navigation Panel.
- 3. In the Secondary Navigation Panel, click on the plus (+) sign next to Favorites to display the Favorites listing.
- 4. In the Secondary Navigation Panel, select the Favorites listing that you want to modify.

- 5. In the Name field, enter the new name for the Favorites listing.
- 6. Click Save.
- 7. Close the Personalize window.
- 8. In the Secondary Navigation Panel, click the plus (+) sign next to Favorites. The new name you entered displays in your Favorites listing that you modified. If the Favorites listing was already expanded, then you must click the minus (-) sign to collapse the Favorites listing and then click the plus (+) sign. This refreshes the listing.

Delete a Favorite

To delete a page from your Favorites listing, perform these steps:

- 1. Click **Personalize** in the Primary Navigation Panel. A new window opens with the personalization options in the Secondary Navigation Panel.
- 2. Click Favorites in the Secondary Navigation Panel.
- 3. Select the row in the grid that contains the page that you want removed from your Favorites listing.
